

# YOUTH ADVISORY BOARD

The Tobacco-Use Prevention Education (TUPE) Capacity Building Project invites high school students from your county to join the California TUPE Youth Advisory Board. This is an opportunity for students to connect with peers from across the state and grow their tobacco prevention advocacy and leadership skills.

Please nominate student leaders from your local TUPE program. As a part of the board, students will:

- ✔ Share their experience and viewpoints
- ✔ Advise statewide TUPE technical support on youth-facing resources
- ✔ Learn to collect and interpret data from their peers
- ✔ Present their findings and perspectives at TUPE-related conferences and convenings

To nominate a student please [complete and submit the form linked here](#), or contact [tupeca@ocde.us](mailto:tupeca@ocde.us)
